Subject: Bruno's Tuckpointing

From: Frank Castaneda  
Chief Engineer  
Anshe Emet Synagogue

Since 1994 I have used Bruno's Tuckpointing here at the synagogue and day school for all of our masonry repairs. I have found their work to be very good, consistent and fair in cost. Their response to meetings as well as emergencies has been nothing less as terrific. Mike Bruno and his company has become an important asset in the upkeep of our facility. Mike's knowledge of masonry as well as products has kept our facility looking and functioning at its best. We will continue to invite the company to bid on all of our brick and masonry work now and in the future.

Sincerely

Frank Castaneda
