To Whom It May Concern:

Bruno's Tuckpointing has successfully completed the Masonry Restoration work for the Quin Elementary School, located in Palos Hills, Il.

Their work was of good quality, and was completed to the satisfaction of the Owner, Architect and Doherty Construction Inc.

Doherty Construction would be pleased to work with Brunos again on future projects, and is glad to refer their firm to other Owners and Architects.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Vern Anderson", with a long horizontal flourish extending to the right.

Vern Anderson
Project Manager
